

## **NOTIFICATION OF AQUATIC TREATMENT LAKE SHIRLEY**

Areas of Lake Shirley will be chemically treated to control invasive and nuisance aquatic vegetation on Tuesday, July 11, 2023. The USEPA/MA registered aquatic herbicide to be used is Tribune (diquat). The entire lake will be closed to all water uses (including swimming, boating and fishing) on the day of treatment only. Furthermore, water from the lake cannot be used for livestock watering until July 13, 2023, drinking/cooking until July 15, 2023 and irrigation until July 17, 2023.

The work is being performed for the Lake Shirley Improvement Corporation, pursuant to a permit (license) issued by MA DEP, Office of Watershed Management and the Lunenburg and Shirley Conservation Commissions. The treatment is being performed under contract with SOLitude Lake Management of Shrewsbury, MA - (508) 865-1000
